

### **Issue Three**

## **Grants a monopoly for the commercial production and sale of marijuana for recreational and medicinal purposes**

### **Proposed Constitutional Amendment**

#### **Proposed by Initiative Petition**

### **To add Section 12 of Article XV of the Constitution of the State of Ohio.**

A majority yes vote is necessary for the amendment to pass.

The proposed amendment would:

- Endow exclusive rights for commercial marijuana growth, cultivation, and extraction to self-designated landowners who own ten predetermined parcels of land in Butler, Clermont, Franklin, Hamilton, Licking, Lorain, Lucas, Delaware, Stark, and Summit Counties. One additional growth facility may be allowed for in four years only if existing facilities cannot meet consumer demand.
- Permit retail sale of recreational marijuana at approximately 1,100 locations statewide. Such retail establishments must have a state license that may be obtained only if the electors of the precinct where the store will be located approve the use of the location for such purpose at a local option election.
- Legalize the production of marijuana-infused products, including edible products, concentrates, sprays, ointments and tinctures by marijuana product manufacturing facilities.
- Allow each person, 21 years of age or older, to grow, cultivate, use, possess, and share up to eight ounces of usable homegrown marijuana plus four flowering marijuana plants if the person holds a valid state license. Allow each person, 21 years of age or older, to purchase, possess, transport, use, and share up to 1 ounce of marijuana for recreational use. Authorize the use of medical marijuana by any person, regardless of age, who has a certification for a debilitating medical condition.
- Prohibit marijuana establishments within 1,000 feet of a house of worship, public library, public or chartered elementary or secondary school, state-licensed day-care center, or public playground, however: after a certain date, a new day-care, library, etc., cannot force a preexisting marijuana establishment to relocate by opening a new location within 1,000 feet of the business.

- Prohibit any local or state law, including zoning laws, from being applied to prohibit the development or operation of marijuana growth, cultivation, and extraction facilities, retail marijuana stores, and medical marijuana dispensaries unless the area is zoned exclusively residential as of January 1, 2015 or as of the date that an application for a license is first filed for a marijuana establishment.
- Create a special tax rate limited to 15% on gross revenue of each marijuana growth, cultivation, and extraction facility and marijuana product manufacturing facility and a special tax rate limited to 5% on gross revenue of each retail marijuana store. Revenues from the tax go to a municipal and township government fund, a strong county fund, and the marijuana control commission fund.
- Create a marijuana incubator in Cuyahoga County to promote growth and development of the marijuana industry and locate marijuana testing facilities near colleges and universities in Athens, Cuyahoga, Lorain, Mahoning, Scioto and Wood Counties, at a minimum.
- Limit the ability of the legislature and local governments from regulating the manufacture, sales, distribution and use of marijuana and marijuana products. Create a new state government agency called the marijuana control commission (with limited authority) to regulate the industry, comprised of seven Ohio residents appointed by the Governor, including a physician, a law enforcement officer, an administrative law attorney, a patient advocate, a resident experienced in owning, developing, managing and operating businesses, a resident with experience in the legal marijuana industry, and a member of the public.
